

# GRUCom Helps AMJ Stay Ahead of the Competition

A leader in the real estate development, construction and property management fields, AMJ, Inc. is an advocate for including GRUCom's fiber connection into new structures. AMJ takes full advantage of the 250 miles of ring-protected fiber GRUCom offers throughout the Gainesville area and Alachua County. With the support of GRUCom's services, AMJ's commercial and residential properties are state-of-the-art, offering sophisticated technology.

"Gainesville is a young, technologically savvy community," said Scott Buchanan, Vice President of AMJ. "To stay appealing and competitive in this industry, we include GRUCom services into many of our construction plans. After all, GRUCom offers service that no one else can touch."

With the fastest residential Ethernet in town, GRUCom offers internet services through Gator.Net and GRU.Net. Both constructed by AMJ, Regents Park Luxury Condominiums and Plaza Royale Apartments offer residents internet capabilities thanks

to GRUCom's inclusion in AMJ's building plans. Unprecedented speed and superior reliability are the key features of GRUCom's fiber optic network, adding to AMJ's reputation as cutting-edge.

"Nearly 100 percent of tenants in these complexes use GRUCom's internet services," said Buchanan. "GRUCom's service certainly adds to the appeal and helps us keep a competitive edge."

Currently, AMJ has several major projects under development, one of these being Oak Gate Condominiums, another GRUCom served property. On the same path to advancement, GRUCom is planning to enhance the use of its fiber optic network to include video delivery, phone service, security monitoring and much more.

"We understand GRUCom will be offering more services in the future, and we will do all that we can to incorporate these services in our upcoming plans for construction," said Buchanan.

GRUCom's Business Broadband delivers the most reliable, fastest and affordable network for small businesses. Beginning in January, any company can reap the rewards of our blazing, cost effective and rock solid fiber optic network for as low as \$39.95 per month\*.
