

SMART VEND GRU CUSTOMER REQUEST FORM

GRU customer: _____

Vending Machine Owner: _____

Location Installed:

Facility name: _____

Facility Address: _____ Zip Code _____

Contact Person: _____

Any Security requirements we need to follow to gain access to the machine?

TO PARTICIPATE IN THE SMART VEND PROGRAM, I UNDESTAND AND AGREE TO THE THESE TERMS:

- (1) I agree to use the Vending Miser only on active refrigerated vending machines that are filled with drinks or other non-perishable liquid items and that are operated on a year round basis. These are “**approved machines**”.
- (2) GRU reserves the right to decline the Vending Miser rebate for vending machines that are determined to be located in high-traffic areas.
- (3) I agree to grant GRU future access to machines fitted with the Vending Miser in order to verify installation, operation and/or energy savings.
- (4) I agree to install the Vending Miser unit only on an “approved machine” in a facility that is located within GRU’s electric service territory.
- (5) I agree to make every reasonable effort to make sure that the Vending Miser remains in the same condition as it was when initially installed (upright sensor bracket undamaged, sensor showing a green light. Vending Miser not on the floor, Vending Miser plugged into the wall and the machine plugged into the Vending Miser).
- (6) I agree to install the Vending Miser unit according to manufacturer’s recommendations.
- (7) The Vending Miser unit is property of GRU and must be returned to GRU if the Vending Miser is no longer used on the “approved machine” or if the “approved machine” is moved out of GRU’s service territory.
- (8) I agree to notify GRU as soon as possible at 352-393-1480 whenever any of the following situations occur:
 - Sensor’s bracket gets bent or the Vending Miser’s black box comes off the machine
 - Vending Miser’s green light is not illuminated
 - The original “approved machine” is replaced with another “approved machine”
 - The original “approved machine” is relocated to another location within GRU’s electric service territory
 - The original “approved machine” that has the Vending Miser is permanently removed
