

LEEP (Low-income Energy Efficiency Program) Application

Application must be completed in its entirety, signed and dated

GRU's Low-income Energy Efficiency Program assists low-income customers with home improvements that can lower their electric bill, improve comfort and reduce energy use.

ELIGIBILITY

- Must be a GRU residential electric customer
- Customer must own and live in the home
- Only single-family dwellings or mobile homes built prior to 1993
- Customer must meet income qualifications (at or below 80% of Median Family Income based on current HUD low-income guidelines)
- Customer must show proof of eligibility from a federal, state or local assistance agency, such as, but not limited to:
 - Neighborhood Housing & Development Corporation (NHDC)
 - North Central Florida Community Action Agency (NCFAA)
 - Department of Children & Families (DCF)
- Customer must use a GRU LEEP Contractor
- In-home training: customer must participate in an energy efficiency walk-through
- Customer may receive assistance from this program only once

ATTACH TO THIS FORM

- GRU Income Certification Form
- Proof of home ownership (Certificate of Title, Sales Agreement, current Tax Notice or Homestead Exemption)

AGREEMENT

My signature indicates that I am a GRU electric customer, own and inhabit the dwelling listed on this application. I understand that I must meet U.S. Department of HUD Income Limits for low income to qualify. All of the statements are true and correct to the best of my knowledge and belief. I authorize GRU to contact any source to verify information necessary to determine my eligibility and I agree to provide GRU with any information necessary to verify my eligibility. I understand GRU's obligation is solely as a financier of energy efficiency house improvements limited to the improvements delineated in GRU LEEP Administrative Guidelines. GRU has no further obligations. I understand that efficiency measures may be deferred or declined if structural components need to be addressed. GRU inspections and energy improvement recommendations make no representation to the existing condition of the house's internal infrastructure and the final decision on renovation will be approved by the customer in consultation with their contractor. If I am eligible for the program, I give permission to GRU and its contracted agents to work on the residence listed on this form, analyze my energy and water usage prior to and after any improvements are made. I agree to take part in an energy efficiency education session in the form of a walk-through by a GRU representative. I agree to schedule an energy survey with GRU within 2 weeks of eligibility notification. I will maintain a safe and clean working environment throughout the improvement period. I have been advised and understand that this application will be considered without regard to race, color, religion, creed, national origin, sex, political belief, age, status as a parent or status as a student.

I pledge to do my best to make a reasonable effort to minimize my energy and water usage within my household.
