CUSTOMER QUALIFICATIONS

If requesting a check, form must be completed/signed by the GRU Electric Customer of Record. Rebates will not exceed the purchase price. Random on-site verification of installed/repaired measures may be performed prior to issuing rebate. Rebates are subject to change without notice. Rebates are subject to approval and are contingent upon fund availability. Rebates will be issued in the form of a CREDIT on the utility bill unless specified otherwise. All rebate forms and supporting documentation are due within 30 days of installation/service. Please allow 4 to 6 weeks for processing. Missing or incorrect information will increase the processing time. Visit gru.com for a full list of restrictions.

DUCT LEAK REPAIR • 50% of the repair cost up to \$375

Attach to this form: 1. Copy of contractor invoice 2. GRU duct repair form*

Must have an existing central air conditioning system. Duct system must be thoroughly inspected and repaired; this includes air handler and all duct work. Repairs must be done by a GRU Partnering Contractor. Ducts must be sealed using mastic or a combination of mastic and mesh, pressure sensitive foil tape (UL 181AP) or heat sensitive foil tape (UL 181AH). If foil tape is used it must be applied in a manner such that the duct board scrim pattern is visible through the tape. **Limited to:** One (1) rebate per system, maximum three (3) systems per location. Must be a GRU electric customer or small business when used in conjunction with a central system replacement.

ADDED INSULATION • \$0.125/sq foot up to \$375

Check one: Attic Floor Date of Installation: _____

Square Footage: _____ Type of Insulation: _____ R-Value: _____

If Customer install, attach: 1. Copy of receipt 2. Cut out section from insulation package showing product name and description

If Contractor install, attach: 1. Copy of invoice, including depth, type, and density of insulation used

Minimum installation levels required over or under air conditioned space are R-19 in the attic or R-11 under raised flooring according to manufacturer's recommendations. Does not apply to wall insulation. May be installed by customer. **Limited to:** One (1) rebate per location. Must be a GRU residential or small business electric customer.

A/C MAINTENANCE ONLY AVAILABLE IN CONJUNCTION WITH ADDED INSULATION OR DUCT LEAK REPAIR

A/C MAINTENANCE • Up to \$40

Attach to this form: 1. Copy of contractor invoice 2. GRU maintenance checklist*

Only valid on central A/C not heating maintenance. Maintenance must be performed by a GRU Partnering Contractor. **Limited to:** One (1) rebate per customer per location. Must be a GRU residential electric customer.

REFRIGERATOR BUYBACK and RECYCLING • \$75

MFR Brand: _____ Recycled Date: _____ #of Units: _____

Check one: Refrigerator/Freezer Freezer Cubic Size of Unit(s): _____

Check one: City Work Order #: _____ County Other _____

Attach to this form: Proof of recycle of existing unit

City pick up call 334-2330. **County** pick up call 338-3233. **Other:** If removed by a third party, documentation must state unit was removed and destroyed according to Federal Policy. Valid on working refrigerators, freezers or combination units, 10 cubic feet or larger (not valid for dorm-sized refrigerators). **Limited to:** Two (2) rebates per location. Must be a GRU residential electric customer.

HIGH EFFICIENCY CENTRAL A/C: 15 SEER OR HIGHER • \$300

HIGH EFFICIENCY CENTRAL A/C: SUPER SEER • \$550

Attach to this form: 1. Copy of contractor invoice 2. ARI certificate* 3. Manual J calculation* 4. Copy of mechanical permit* 5. Super SEER - 2 Speed documentation*

Valid on units 5 tons or smaller. For ductless mini-split systems, unit must be greater than or equal to 18,000 BTU to qualify for Super SEER. If less than 18,000 BTU, then the standard amount applies. Must have a Seasonal Energy Efficiency Ratio (SEER) of 15 or greater. Must have Heating Season Performance Factor (HSPF) of 8.2 or greater. Must be ENERGY STAR® qualified. Must be purchased and installed by a GRU Partnering Contractor. If Super SEER, must be equipped with variable speed or multi-stage compressors. Rebate only applies to the purchase and installation of a complete air conditioner system (indoor and outdoor unit). Rebate does not apply to units using strip heat as a primary heating source. **Limited to:** Three (3) rebates per location. Must be a GRU residential or small business electric customer.
