
Natural Gas:

CLEAN, SAFE, ABUNDANT & EFFICIENT

CLEAN, SAFE, ABUNDANT & EFFICIENT natural gas is reliable and cost-effective. But in an emergency, use your senses: If you smell gas or something similar to rotten-eggs, see bubbling standing water or discolored vegetation, or hear hissing or roaring sounds, leave the area right away and dial 911. Do not use anything that might cause a spark, like a cell phone or light switch. GRU will work with the fire department to respond quickly to your call.

Your Safety. Our Priority.
