

Analyze & Save

Looking for ways to save money at your business? GRU has people who can help.

Our certified energy managers can help you lower your bills by:

- Analyzing your business for inefficient equipment
- Reviewing your business's utility consumption history
- Making energy recommendations that are customized to fit your business's needs

Let's lower your bills.

Call 352-393-1460 and ask about our free energy and water surveys or visit www.gru.com/mybusiness for more information.

At your service with business solutions.
