Subject: Notice of Maintenance Schedule 2016

Dear John:

Given the current GREC dispatch scenario of remaining in reserve shutdown, GREC plans no Maintenance or Planned outages in 2016. However, if the dispatch scenario changes and GREC is called upon to run for some time prior to April 2016, a Maintenance Outage may be needed to meet Good Utility Practice. If that does occur, GREC will notify GRU of any intent to perform such outage.

If you have any questions, please contact me.

Sincerely,

Leonard J. Fagan
Vice President of Engineering
GREC Asset Manager
