

2013 Brighter Tomorrow Scholar

Kyle Smyre

Kyle Smyre will graduate from Gainesville High School with the Class of 2013 as a member of the Cambridge program, maintaining a 4.6 weighted GPA. Smyre is a four-year member of the Gainesville High School Marching and Concert bands and has been involved with percussion since elementary school. He is also a member of the school's National Honor Society. Outside of school, Smyre has served as a volunteer at Studio Percussion, a local music studio and store.

Smyre has been accepted to the University of Florida for the Fall 2013 semester, and will be the first in his family to attend college. He plans to earn a Bachelor of Science in either Civil or Nuclear Engineering, to be decided upon while in university. His ultimate goals are to be happy and successful in life by providing for society in a meaningful way.

We congratulate Kyle Smyre on his selection as a 2013 Brighter Tomorrow Scholar.

2013 Brighter Tomorrow Scholar

Stephen Diuguid

Stephen Diuguid is a senior at Buchholz High School, where he maintains a weighted GPA of 4.74. He is an AP Scholar with Distinction and has also achieved perfect scores in both SAT math and the SAT math level two tests. Stephen is a member of the state and national championship Mu Alpha Theta math team at Buchholz. He placed fifth in the state in Analytic Geometry and fourth at nationals in Complex Numbers in 2012. Stephen also was on the Buchholz junior varsity soccer team freshman and sophomore years and the varsity soccer team his junior and senior years. This year, Stephen and 12 other seniors led the

team to win district and regional championships, advancing to the state final four for the first time in school history. Stephen is also a self-taught drummer who has played for his church youth band for the last six years.

Stephen will attend the University of Florida in the fall and plans to pursue a bachelor's degree in computer software engineering with a minor in materials engineering. He intends to obtain a graduate degree or higher, allowing him to work with the industry's top computer research teams and hopefully revolutionize the technology behind computers.

We congratulate Stephen Diuguid on his selection as a 2013 Brighter Tomorrow Scholar.
